

ROCK SOLID PROJECT SOLUTIONS

YOUR PROJECT PARTNER

Headquartered in Las Vegas, Rock Solid Project Solutions (RSPS) specializes in the management of projects, focused on sequencing of both preconstruction and construction activities, construction schedule management, progress and performance against bid items and quantities, cost estimating, and risk management.

As a certified Disadvantaged Business Enterprise (DBE), RSPS's consistent objective includes improving the constructability process, reducing claims, providing cost and schedule expertise, identifying areas of risk, and reducing conflicts between the contractor and the owner.

RSPS works alongside owners and contractors as well as design teams to partner and proactively manage onsite review, progress in place audits, and accurate forecasting for cost and schedule.
